Sale to be held at Conner Prairie Farms on

**WEDNESDAY, JUNE 5th, 1940**

HAL LONGLEY, *Sale Mgr.*, 37 Island Ave. Aurora, Illinois

An airplane view of beautiful Conner Prairie Farm.

## How to get to the Conner Prairie Farms

The date of this sale is Wednesday, June 5, 1940. Sale will start promptly at 1:00 P.M. Central Standard time.

Lunch will be served at the farm.

Conner Prairie Farms are located 12 miles North of Indianapolis, Indiana. Those driving from Indianapolis should take route 31 due North to Carmen—then turn East on Route 234 to Farm. The farm is located 4 miles East of Carmel, Ind. From Noblesville the route to follow is 2 miles South on Route 13 to Route 234. Then turn West 1½ miles to the farm.

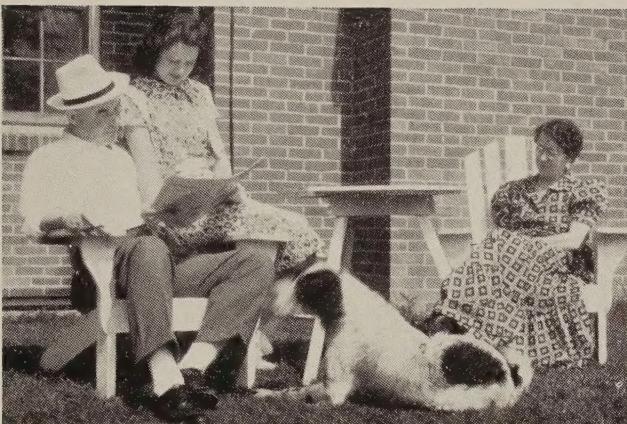

It is assumed that many persons will be driving from Chicago where two other important sales are being held on the day previous. For convenience sake, we suggest that these people drive to Lafayette, Ind. on the evening of Tuesday, June 4th following the Maxwalton and Marellbar-Allendale-Anoka sales. This is a drive of 120 miles on Route 52, the main Chicago to Indianapolis highway. This will leave a drive of only 60 miles on Wednesday morning, the day of the sale. From Lafayette, take Route 52 to Lebanon, turn East on Route 32 to Westfield, South on Route 31 to Carmel and East on Route 234 to Conner Prairie Farms.

Those who desire to travel by train may take either the Monon or Big Four Railroads to Indianapolis. A car from the farm will meet all train riders in Indianapolis but we request that you advise us in advance.

Many cars will be driving from Chicago to Conner Prairie Farms. If you will get in touch with Sale Manager Hal Longley, he will be glad to arrange such transportation for you.

Although the sale is to be held at **Conner Prairie Farms**, all visitors should make an effort to visit **Whitecroft Farms** on the morning of the sale. Whitecroft Farms are located three miles due East of Noblesville, Indiana, on Route 38. This is only a ten minute drive from Conner Prairie Farms.

This sale is the fourth in the important circuit known as "**National Shorthorn Week**."

## CONNER PRAIRIE-WHITECROFT SHORTHORN AUCTION, JUNE 5

Miss Ruth Ann Jessup, daughter of Herdsman Oscar Jessup, holding Browndale Sensation 2d, senior stock bull at Conner Prairie Farms.

**T**HE business of producing purebred live stock is one of the most highly competitive lines of endeavor on earth. Farmers, breeders and animal husbandmen in almost countless numbers and in nearly every country in the world are constantly striving to produce animals of superior form and animals capable of reproducing their kind. Success varies, but only in exact proportion to the knowledge and skill of the men guiding the program, because no patents or copyrights govern the sale of the machinery, no labor troubles hinder the production schedule and no individual engaged in the business has an advantage in the plan of marketing.

Success can be and is more easily attained, however, by those who start with the right kind of foundation stock and who constantly add strength to their herds. To take advantage of superior individual merit that has resulted from years of effort by skillful husbandmen is to shorten your road to success. Such an opportunity is offered in this Conner Prairie-Whitecroft Auction Sale. The offering represents those particular blood combinations which have worked greatest improvement for the breed. I am glad indeed to recommend these cattle to those who wish to build on strong foundations.—Hal Longley of The Shorthorn World.

As proud as we are of the great show ring winnings of Khan Sultan, we are much prouder of the record he is making as a sire. His calves, like himself, are blocky, compact, wide ribbed, deep quartered and short legged, with excellent heads. We are confident that they will also make history in the show ring. Fifteen females in this sale either have his calves at foot or are bred to this great International junior champion bull.

Whitecroft Cover Page

**Whitecroft Cover Page**—Do you remember the picture of Sarah Jane White and the dark roan bull calf that adorned the cover page of the big special issue of The Shorthorn World published last summer? Here is the same calf in his yearling form and he is certainly a good one. He is blocky, compact and well put together, with a grand head, great width from end to end. His pedigree is exceptionally strong, his color and character are all that could be desired and this bull will always be recognized immediately by his name. Do not fail to inspect him.

Whitecroft Command is a solid dark red, good headed, level lined calf with plenty of quality and character and he is a full brother to Whitecroft Colonel, one of the top selling bulls in our sale last year. His dam is a red eight year old cow that is now ready to drop her eighth calf and she has always given more milk than her calves can consume. The pedigree of this calf should most certainly recommend him to any critical buyer.

Whitecroft Grace 3d—It takes nerve to offer heifers like this one because we all like to keep them in our own herds. This heifer is as square and blocky as any heifer we ever offered and we consider her a very promising prospect for the 1940 junior yearling class. With three imported bulls right at the top of her pedigree, we consider that she is backed by exceptionally strong ancestry. Any man will be proud to own this heifer.

Whitecroft Averne 11th

Whitecroft Averne 11th will be a junior yearling in 1940 shows and we believe she will be a winner. Most certainly, judges will approve of her blocky, compact, wide ribbed body, and few will be shorter legged. She comes from the same famous family that produced the great Avondale and many good judges who have visited our farm name her dam as our best cow. We certainly hope this heifer will go where she will be appreciated.

CONNER PRAIRIE FARMS is not just another breeding institution. It is a veritable laboratory for the perfection of the Shorthorn breed, so founded and so equipped as to be of greatest possible service to the live stock industry. It is owned and supervised by men who have no desire to be simply cattle multipliers, but whose sole aim is the blending of correct blood lines and correct individual characteristics in such a way that farmers and breeders, large and small, may reap a distinct benefit. Insofar as has been humanly possible, the finest specimens from the most noted herds in the United States and Canada have been brought together for this purpose. Recently, a great bull and six closely related heifers have been imported for the purpose of introducing, through line breeding and cross breeding, the most prepotent blood available in Scotland. Experiments that are designed not only to perfect Shorthorn cattle form, but also to make more simple and more effective the methods of so doing, are being carried on at all times under a well defined program. The results of these experiments are to be made available to all.

"All of the bulls and heifers of the proper ages that are to be sold in this auction by Conner Prairie Farm have been entered in the Hoosier Gold Medal Contest and in 4-H Club work. This has been done for the benefit of Indiana buyers who may buy them."

The 22 animals in this sale are the kind upon which successful herds may be founded and already well established herds may be improved. Every possible precaution has been used to guard their health and to insure their dependability.

Conner Essander Captain 1885535—Bred by A. J. Marshall in Scotland and sired by the noted Cruggleton Essander, is a half brother to the bull Cruggleton Captivator that sold two years ago in the Argentine for \$30,000. He is remarkably blocky, compact and short legged and has the characteristic build of the most famous Old Country bulls. We have used him liberally on many of our best heifers and some of the best calves in our herd are sired by him.

FOR THE PURPOSE of carrying on an experiment in line breeding at Conner Prairie Farms in which the most prepotent blood in Scotland will be utilized, we recently imported the bull Cruggleton Prince Desmond and six closely related heifers, all deep in the blood of the noted Collynie Royal Leader. Cruggleton Prince Desmond was selected not alone because of his superior individual merit, but also because he represents an inbred combination of the blood of Calrossie Control and Collynie Royal Leader. Unfortunately the delay in shipping these cattle, will make it impossible for us to have them at Conner Prairie Farms on the day of our auction sale, although their arrival is expected shortly thereafter. Again, the results of this experiment will be made available to farmers and breeders, large and small, through publication in The Shorthorn World and through our auction sales in future years.

## Conner's Masterpiece 1882821

Conner's Masterpiece—A rare opportunity is offered in the sale of this bull. He was a consistent winner of top prizes as a two year old and as a three year old. At the latter age, he stood second at the Illinois, Wisconsin, Ohio and Kentucky State fairs, was grand champion at the Nashville and Knoxville fairs. At the International of that year he stood fourth in the aged bull class. He is a son of an International grand champion bull and his dam produced a steer that won

produced a steer that won grand championship at the American Royal. In order to carry on our line-breeding program, we used Conner's Masterpiece on eleven of his half sisters and we have a grand bunch of calves sired by him. With the addition of the new imported bull, Calrossie Prince Desmond, we will no longer need Conner's Masterpiece and we offer him in this sale. Seldom is the opportunity presented to buy a bull with a better show and breeding record. He is gentle, absolutely sure and thoroughly guaranteed.

Conner's Goldie—We decided at a late hour to enter this attractive heifer and unfortunately we cannot show a picture of her. She was exhibited as a senior calf when she was considerably under an age handicap, but she stood right at the top at all shows where we exhibited her as a junior yearling in 1939. She was first at the Wisconsin, Ohio, Indiana, Kentucky and both Tennessee shows. She is now a real brood cow of the kind we should keep in our herd. She sells with a beautiful red heifer calf by Conner's Browndale Lad, dropped Jan. 1, 1940 and the calf is a wonderfully promising show animal. She was rebred Apr. 12th to the same bull. Despite the fact that she has already produced a grand young calf, she can still show and win as a two year old this year. Study her pedigree carefully and then inspect this heifer on sale day. None better will be offered this year.

Conner's Roan Lady by Browndale Sensation 2d. In 1939, as a summer yearling, she won first prize at the Illinois, Wisconsin and Kentucky State Fairs and second at the International. We will exhibit her as a senior yearling at 1940 shows.

**Hoosier's Pride**

**Robinwood Countess 14th**

Robinwood Countess 14th is a beautiful red daughter of the International grand champion Raveni Masterpiece. As her picture shows, she is very deep of body and a cow of great character. She is the dam of Hoosier's Pride, the steer exhibited by Marion Jessup that won first prize in the light weight class at the 1939 Indiana State fair. This steer was also reserve to his half brother that was the grand champion steer at the same show. Robinwood Countess 14th has a red senior heifer calf that we are keeping for our 1940 show herd. This cow is a very heavy milker and her calves need no nurse cows. She is in calf since Nov. 11th to Browndale Sensation 2d and the new owner is sure to get a show calf from this mating.
